### **Electrochem Announces Increase in Sales and Marketing Personnel Targeting Strategic Growth**

CLARENCE, N.Y., Feb. 23, 2005 -- Electrochem Commercial Power, a leading manufacturer of battery packs and cells used in extreme environments, and a business of Wilson Greatbatch Technologies, Inc. ("WGT") (NYSE:GB), announced today that it has increased its sales and marketing leadership to continue strategic growth.

"2004 was a strong year for Electrochem", said Susan Bratton, Vice President, Commercial Power, WGT. "With new customers and products on the horizon, it was critical that our sales and marketing leadership be strengthened to support the continued growth during 2005 and beyond."

Individuals recently joining the Electrochem division include the following:

- Matthew Randazzo, Director of Sales and Marketing
- Jim Stawitzky, Sales Distribution Manager
- Dan Forcucci, Marketing Manager
- Lance Miller, Business Development Sales Manager

The highly reliable lithium cells and packs manufactured by Electrochem are widely used in demanding environments such as oil and gas exploration, military, oceanographic, telematics and seismic surveying. WGT was rated by Fortune Magazine as one of the top 100 fastest growing companies in 2004.
